CAREGIVER SUPPORT PROGRAM

LOOKING OUT FOR YOUR LOVED ONES *A DISCUSSION WITH AN ELDER LAW ATTORNEY*

Taking care of an aging family member is one of the most important roles we can take on. It is also one of the most daunting and demanding roles we may ever experience—one we should not navigate alone. There are a lot of important questions that will come up.

What legal documents do you need to put in place in advance? What health care and financial decisions are you allowed to make for your loved one? What are you legally obligated to do or not do? What professionals and community resources are available to help you navigate the best long-term care plan possible for your loved one?

Join us for a session presented by an elder law attorney that will provide valuable information and advice, which every family caregiver can benefit from knowing.
